

WIND & SOLAR CHARGER

The eco-friendly way to power your devices anytime, anywhere!

Ideal for:

A fully charged K3:

charges a mobile phone more than 5 times!*

charges an iPod/mp3 player more than 10 times!*

Features:

- * 2 in 1 dual charging ability for collecting sun, wind, or both
- * The largest rechargeable battery capacity of its group - ready to use over and over again
- * USB port built in with available adapter tips to charge various devices
- * Stand up, lay down, or hang the K3 - works in any charging environment
- * Always know your power status by LED level indicators with the press of a button
- * Durable, weatherproof design you can take anywhere
- * Storage inside for multiple device adapter tips
- * AC adapter included for pre-charging before you go
- * Utilize the FREE power of the sun and wind now within your reach!

Just one hour of sun & wind:

provides about 30 minutes of talk time!*

provides over 300 minutes of mp3 music!*

*Performance figures will vary based on different mobile phone models and iPod/mp3 player models, as well as sunlight intensity and wind speed consistency.

WIND & SOLAR CHARGER

The eco-friendly way to power your devices anytime, anywhere!

Tech Specs:

Nominal DC Output:

5V 1A

Maximum Wattage:

5 Watts

Battery Type:

Rechargeable
Lithium Ion 3.7V cell

Battery Capacity:

4000 mAh

DC Input:

5V 500mA

Dimensions:

3.0 x 9.3 x 3.1 inches
(78 x 236 x 80 mm)

Weight:

10.6 oz. (300g)

Temperature Range:

-4F to 131F (-20C to 55C)

Distributor inquiries welcome:
